EDUCATION

Kips College Sergodha Road

• Fsc medical, Inter

Faisalabad

09/2021 - 05/2024

University Of Agriculture Faisalabad

• BS in Information Technology, CGPA: 3.4 / 4.00

Faisalabad, Pakistan

09/2023 - 06/2028

TECHNICAL SKILLS

Languages: C++, Python3, JavaScript (ES6+)

Frontend: HTML5, CSS3, dart, React, Next.js

Backend: Fast API Node.js, Express, Python (native), API Development

Database: Postgress, MongoDB, Sql lite

AI / Agentic AI: Currently deep diving into Agentic AI, Generative AI, LangChain, LangGraph, RAG, Crew.ai, Graph DB

Tools & Versioning: Git, GitHub, Postman, VS Code, cursor, Antigravity

Problem Solving: Data Structures Algorithms - 400+ LeetCode problems solved

VOLUNTEERING & TRAINING

• **Stanford Code in Place: Section Leader** | Mentored 15+ students in Python/CS fundamentals

• **Agentic AI @ iCodeGuru:** Taught 200+ students Agentic AI, LLM ,Tool , How to automate business.

• **AI Mentor:** Guided beginners in AI/ML, GenAI, LLMs, Prompt Engineering and Data Science

• **Showcase:** Training Portfolio

ACHIEVEMENTS

• **Harvard CS50x Puzzle Day Winner:** 1st place globally.

• **AI Engineer :** Certified Specialist from Saylani SMIT

• **LeetCode:** Solve 200+ LeetCode FAANG problems.

• **Typing Speed:** 90+ WPM with 98% Accuracy.

COURSES

Python3 @Stanford: Karel the Robot, Console Programming, Lists, Graphics, Dictionaries

Agentic @SMIT: N8n ,Make.com, open AI SDK, Clude code Sdk, LLMS, LangChain, Lang- Graph, Crew.AI.

AI & DataScience @SMIT: Python, FastAPI, Database, Data Preprocessing.

PROJECTS & HACKATHONS

- **CS50x Puzzle Day 2024/2025 Winner:** Organized by Harvard University – Solved 8/9 , 9/9 puzzles.
- **Meta Hacker Cup 2024 Participant:** Competed in Meta's global coding competition.
- **Calico UC Berkeley Coding Challenge:** Actively participated in GenAI code challenges.
- **Social Connect App:** Designed and developed a modern, responsive, and user-friendly UI for a social interaction application.
- **Business Assistant:** An intelligent agent that generates visual roadmaps and predictive plans for students and investors, showing which steps to follow to achieve specific goals effectively.
- **Daily Updates Agent:** Delivers daily updates and insights related to your field, keeping you informed about new courses, trends, and professional opportunities.
- **Job Agent:** An automated agent that applies to 10 job openings daily on behalf of the user, streamlining the job application process and saving significant time.
- **AI_truck_dealership:** the agent answers customer questions about trucks on the website handles common sales objections and most importantly books test drives automatically to bring potential buyers into the dealership
